Friends and Family Test Results – August 2019

In August, 100% of patients stated they would be either likely or extremely likely to recommend North Chelmsford Healthcare Centre to friends and family.

Here is a selection of comments made by patients.

Extremely caring and understanding. Nurse recommended a colonoscopy which found a tumour and saved my life!

I've referred many times as I have always had excellent service for myself and children. Professional, caring and timely.

Doctors and nurses are thorough.

It was a pleasure to talk to someone who went out of their way to help and called back as promised.

As a new patient, I found the surgery very helpful.

To complete the NHS Friends and Family Test or to sign up to SystemOnline, please ask at Reception. Thank you.
