

Friends and Family Test Results – March 2024

In March 2024, 100% of patients stated they would be extremely likely to recommend North Chelmsford Healthcare Centre to friends and family. Here is a selection of comments made by patients.

Very helpful since I moved into the area a year plus ago

Always possible to see someone in good time.

So friendly and helpful

Efficient, courteous, and open clean space

Recently, we have experienced health issues with BP and the speed of help, kindness etc was/is excellent. From reception staff to clinicians nothing could have been better

Always listen to what is being said and provide a high level of care

To complete the NHS Friends and Family Test, please ask at Reception. Thank you.
